Powerful Partnerships is a great solution for Direct Sellers and Network Marketers who are either experiencing resistance about their business from their family or simply want more support from their spouse/partner.

Whether a first-time distributor or a seasoned network marketer, we all increase the ease and speed of success when we have the support of our loved ones. Powerful Partnerships provides insights and suggestions around gaining family support.

I had an interesting experience while listening to this roundtable discussion composed of Nicki Keohohou, Jane Deuber, Cheri and Mark Semple and Linda and Bill McGrane. I spent the Thanksgiving weekend with my daughter-in-law and her family at their lake home in northeastern Wisconsin. While most of the family went out for a wintry walk or run, my daughter-in-law and I stayed in with the sleeping 1 year old. I decided it was a great time to listen to the Powerful Partnerships CD set.

I have not felt a lack of support for how I choose to earn my living as a network marketer yet halfway through the first CD my daughter-in-law gave me a boost I didn't know I was missing! She came into the room and said, *"Wow! What you do is amazing! And I've just learned that there are ways to support you that never occurred to me before. I'm so glad you're listening to this CD when I could hear it too!"*

To hear that kind of unexpected and unsolicited reaction to Powerful Partnerships was icing on the cake for a CD set that every leader who wants to shine should be passing out freely to every new member of their team!
