As I have the opportunity to speak around the country at different Internet Marketing, Network Marketing and Business conferences, I am amazed at the number of intelligent people I meet who seem to be desperate to earn some extra cash.

I believe everyone should be involved in network marketing for the long term, residual income, there is no better way. Unfortunately some network marketers are desperate to create cash now.

> ***The common challenge with most of these people is in their thinking. They don't get that success comes from duplication, not innovation!***

They all seem to be trying to come up with the latest greatest widget, eBook, or software product. If I am describing you, I encourage you to STOP! The answer is right in front of your nose, the Facts speak for themselves, and only a fool argues with facts!

DID YOU KNOW?

"More than 724,000* people report that eBay is their primary or secondary source of income and another 1.5 million say eBay is a supplemental source of income. (*An increase of 68% since the last study done in 2006.)

AND

"With over 1/3 of Internet users visiting eBay, that leaves growth open to the remaining 2/3. And with more and more people coming online, eBay sales and the number of successful eBay sellers will only continue to expand."

Reason One: Selling stuff on eBay™ allows you to have an instant home business!

Reason Two: An eBay™ home business is very inexpensive to start and run, and a great way to create cash now, while building your residual network marketing income.

Reason Three: According to Business Week Magazine™, more than 250,000 entrepreneurs will earn a full-time living selling on eBay™ selling everything from diet pills and designer handbags to $50,000 BMW's. The product possibilities are endless!

Reason Four: This year on eBay™, at least 30 million people will buy and sell well over 20 billion dollars worth of merchandise. Just look at it this way, you will have instant access to millions of customers just waiting to bid on your items!

Reason Five: It's easy, fun, and lucrative to start selling products on eBay™ and the real kicker, you can begin making money within a few days! Astonishing, isn't it?

Creating a successful Ebay business is NOT ROCKET SCIENCE.

Simply find a credible mentor that knows what they are doing, and they will take you by the hand and show you step-by-step how the entire process of selling products on online auctions works and how YOU can cash in as well.

Don't make the mistake of trying to figure everything out on your own. With Ebay and online auctions, several little things add up to the difference between success and failure.

You need someone who has a proven track record of success to show you how to create a successful auction business.

Does it require some study, and work, ABSOLUTELY IT DOES! But with the correct coaching can you make money on Ebay will never be the question. The question is not will you make money, the question will be, how much money you choose to make.

Over the past 30 years I have been involved with and or studied multiple cash generating ideas. Shrimp farming, Day Trading, real estate investing, Forex trading, Internet marketing, information marketing, direct mail, and the list goes on and on.

In nearly 30 years I have not found an easier, faster way for the average person to create instant cash flow than with Ebay and Online Auctions.

Use network marketing as the vehicle to build long term residual income and wealth, but if you want to add a few hundred dollars, or a few thousand to your monthly cash flow now, learn a proven Ebay selling system.

Dale Calvert started his first business from his parents home at the age of 14. For the past 25 years he has been supporting entrepreneurs and marketing professionals with some of the most powerful training programs in the industry.
