The Power is In the WANTING

"How can I make more money?" The theme of this issue of the magazine is truly a Great Question. And what many to most people will do it with it, will be to look through all the tips & tools, knowledge & resources here, there and everywhere for the answer - and they'll find lots of good ones, too. But what I'm going to bet they miss is the most basic, heart-of-the-matter and most essential "thing to do" of all: ***Wanting****.*

Whatever it is you desire... WANT it deeply, passionately, completely. WANT it with absolutely certainty. Believe that you WANT it. Belove that you WANT it. Know beyond a shadow of any doubt that you *RRReally* WANT IT!

WANT it for all four of you: Body, Mind, Heart and Spirit. Give yourself fully to your WANTING.

Don't waste your energy on intention... or expectation... or "trying" to create the unshakable belief that you will have it. You do NOT need to be certain you will get it, because…

The power is in the WANTING itself.

And that's something we can ALL do - we've been doing it ALL our lives. We were born wanting. Think of an infant that wants to be fed or changed. Think of a child wanting candy or a toy or attention. Think of when you were in love for the first time.

Somewhere along or between the lines, "wanting" got a bad rap.

As children we learned (for a variety of "good" reasons) NOT to want this, or that, or... The world showed us (and the Stones sang to us) "You can't always get what you want... " Self-proclaimed self-help gurus smugly pointed to the archaic dictionary definition of "want," which includes; *lack, being without, needy.* They cleverly taught us, "When you focus on wanting something, you keep yourself wanting - NOT having."

Crap. Sorry. Not true.

WANTING is huge! There's awesome power in WANTING. Infinite power in WANTING.

I WANT it…
I WANT it…
I WANT it…

So, Nike. "Just Do it." Knock yourself out! WANT away (Up, up & away!).

That said, if you WANT something fully unrestrained & unrestricted, with all that's in you, no holding back in any way... you may NOT get the object of your desire, but I promise you WILL get the essence of it.

That's right - the "essence of it." You'll get the pure positive feeling of having what you thought you wanted. It just showed up in a different physical form.

Why does this happen?

(God knows. We know that, because most often God is the *only* one who does know. But I'll attempt an explanation.)

Because your picture of what you wanted was a poor (inaccurate) translation/interpretation of what you REALLY wanted with all your heart & soul - what was for the highest good of yourself and all concerned - what you truly asked God (the Universe, Source, Creation...) for, but you just didn't have a clear & specific enough picture of what that really was. It's a head & heart not speaking the same language being human being thing. That's all.

Just remember, please: **The power is in the WANTING.**

No holds barred. Let 'er rip. Full-on and flat-out **WANTING.**

Go for it!

PS. (sort of): That bit "You can't always get what you want. . ." I wonder about that. An equally valid perspective says "We ALWAYS get what we want." And if that were true (just pretend that it is for the moment) in what way(s) would that change things for you?

What if you didn't have all the money you thought you wanted, because THAT's really what you wanted?
