Wow five years ago

TheNetworkMarketingMagazine.com started. My
how things have changed.

Have you noticed how the industry is changing?

For those of you who have only been in for a year
or so perhaps you have not seen many changes.

But for those of you who have been “around the

block”... whoa!

I remember when we did not have websites, nothing replicated for sure.
Our phone bill ran us hundreds to thousands of dollars a month. Easy to
do at 40 cents per minute.

We ran around putting flyers on cars and business cards all over
telephone booths and taping things to apartment doors. What an
experience!

Now – we have the internet, SMS marketing, Capture pages, Leads
systems, Auto responders and so much more!

**Frankly the Tools have made the
business so much easier
because Tools are the one thing
that is DUPLICABLE.**

You are not, I am not, your upline is not – Tools make all the difference!
Technology makes the difference!

DO YOU HAVE A PHOBIA WHEN IT COMES TO TECHNOLOGY?

Are you a hold back – I don't understand computers. I don't understand websites and blogs, and so on.

I hope you wake up soon, if that is the case, or you will find yourself drifting off to La-La land and have no business.

Over the next few articles I will talk about the various "TOOLS" of the trade and do my best to bring you into the 21st Century with the best of the best!

TOOL #1 - Better than Any 10 Websites –Works 24/7 For You!

A tool that I personally like is an auto responder with a lead capture page. For years I had to utilize several different technologies to accomplish what I wanted. Then I found [the one system](#) that did it all for me and then some.

WOW – this is a tool that offers about \$400 a month worth of cool tools for next to nothing! \$29.95 a month and if you simply refer 3 people yours is FR~EE !

One really cool thing is that you actually don't have to "Market" the tool yourself. You can simply use it to create leads, market your primary business or whatever and the system itself markets and tracks people who are interested in your system!

There is no funny – BIG up front "Set-up" fees to pay out commissions on, (We took care of that – normally it is \$197 - You get it for ZERO Set-up)

No funded proposals, No concern of being in violation of your primary program... none of that nonsense... just a great system that is more powerful than 10 other systems combined.

AND you can get a 7 Day Trial at No Cost to you!

Go check it out. Plug in to it, play with it and see just all it will do for you.

I could go on and on about all this sweet system does BUT better for you to experience it yourself!
