Full time? Or Part time?

Let Network Marketing Enhance Your Life

by **Tom (Big Al) Schreiter**

232 words | 2 pages

Network marketing is a great addition to a regular salary. Since the regular salary covers most of the household expenses, the extra money from network marketing can be used for:

* Vacations
* Nicer cars
* College education fund
* Investing
* Debt reduction
* Expensive hobbies
* Early retirement

However, many people want their network marketing income to replace their regular salary, and often they quit their jobs too soon. Here are some thoughts on what happens:

> "Nothing magical happens when you quit your job - expect that your income disappears."
>
> - Art Spikol

> "Since I quit my j-o-b, I sleep like a baby. Every three hours I get up and cry."
>
> - Anonymous distributor

The moral is:

Let your network marketing income **enhance** your life.
